# Welcome to Erindi Energy & Petroleum (Pty) Ltd.

We are a proudly Namibian-owned company committed to supplying and distributing high-quality petroleum products. As a trusted wholesale supplier, we

specialize in delivering a wide range of energy solutions to both commercial and residential clients across the SADC region.

# About us

**Erindi Energy & Petroleum (Pty) Ltd. is a privately owned company registered in the Republic of Namibia.**

Established by Remigius **Hafeni Joseph**, a dedicated entrepreneur with a strong background in construction, the company has quickly grown into a key player in the Namibian energy sector.

Our team, comprised of young and vibrant graduates from various disciplines, is committed to driving the company forward

with innovative approaches and a customer-centric focus.

At Erindi Holdings, we understand the importance of energy in powering homes, businesses, and industries.

Our goal is to ensure that our clients have access to the best petroleum products available, delivered with the highest level of service.

## MISSION

Our mission is to be the leading supplier of high-quality petroleum products across the SADC region. We aim to deliver exceptional service, ensure the reliability of our supply chain, and maintain competitive pricing that offers value to our customers.

## VISION

Our vision is to be recognized as the most trusted and reliable energy supplier across the SADC region. We aspire to expand our operations and continuously innovate to meet the evolving demands of the energy sector while contributing to the sustainable development of the communities we serve.

# Our Services

**We pride ourselves on offering a comprehensive suite of energy solutions tailored to meet the diverse needs of our clients.**

Whether you're a large commercial enterprise, a residential homeowner, or an industrial operator, our services are designed to provide reliable and efficient energy supply that you can count on.

Below is an overview of the services we offer:

## **WHOLESALE SUPPLY OF PETROLEUM PRODUCTS**

We provide a wide range of petroleum products, including Diesel ADO 50 PPM, Diesel HFO, Petrol ULP 95 gasoline, on-road diesel fuel, off-road diesel fuel, heating oil, kerosene, propane, and a variety of lubricants.

## DISTRIBUTION SERVICES

Our robust distribution network ensures that we can deliver petroleum products to locations across the Southern Africa market, including commercial and residential areas, farms, businesses, and drilling sites.

We guarantee timely and efficient deliveries, tailored to meet your specific needs.

## CUSTOM ENERGY SOLUTIONS

Understanding that each client has unique requirements, we offer custom energy solutions designed to optimize your operations.

Whether it's bulk delivery, specific fuel types, or tailored delivery schedules, we work with you to develop a plan that meets your needs.

# Our Products

At Erindi Energy & Petroleum (Pty) Ltd, we offer a carefully selected range of high-quality petroleum products designed to meet the diverse needs of our clients.

Our commitment to excellence ensures that we provide reliable energy solutions for various applications, from transportation to aviation.

Below is an overview of our key products:

## DIESEL ADO 50 PPM

Our Diesel ADO 50 PPM is a low-sulfur automotive diesel oil that meets international standards for performance and environmental sustainability. It is ideal for all types of diesel engines, offering enhanced fuel efficiency, cleaner combustion, and reduced emissions.

## DIESEL HFO (HEAVY FUEL OIL)

Diesel HFO is a heavy, residual fuel oil used primarily in industrial settings, including power generation and marine applications.

It is a cost-effective fuel choice for operations requiring consistent energy output and durability under demanding conditions.

## PETROL ULP 95

We provide Petrol ULP 95, a high-octane unleaded gasoline that ensures optimal performance for modern petrol engines.

It delivers excellent fuel efficiency, smooth engine operation, and reduced engine knocking, making it a preferred choice for vehicles.

## JET A1

Jet A1 is a high-quality aviation fuel used in turbine engines of aircraft.

Known for its reliable performance in various environmental conditions, Jet A1 ensures safety and efficiency in aviation operations.

It meets stringent international aviation standards, making it suitable for commercial, military, and private aircraft.
